3. QUALITY SCORE DASHBOARD

Scores are derived exclusively from actual execution data. N/A means the dimension was not measured this run and is excluded from the composite score. An overall score is only computed from dimensions that were actually measured.

Functional Testing (40%)		50/100
Performance Speed (25%)	N/A -- Not measured this run	
Accessibility (20%)	N/A -- Not measured this run	
Security Posture (15%)	N/A -- Not measured this run	

OVERALL COMPOSITE SCORE
